TBDHU.COM

November 26, 2021

To: St. Ann School Community,

This letter is to inform you that the Thunder Bay District Health Unit (TBDHU) has been notified that five individuals associated with St. Ann School have tested positive for COVID-19. Our assessment has shown that at least one of these individuals likely acquired the virus in the school setting. As a result, an outbreak is being declared.

Impacted classes/cohorts have been dismissed and the impacted individuals and families have been contacted directly by public health and provided instructions. If you have not been contacted by TBDHU, your child is not considered at elevated risk at this time.

TBDHU continues to actively work with the school and the Thunder Bay Catholic District School Board to investigate and manage any potential exposures in the school and related settings. Additional actions will be taken as needed to manage the situation.

For further information about COVID-19 and schools, please refer to the TBDHU website: [TBDHU.com/stopgerms](https://www.tbdhu.com/stopgerms) and [TBDHU.com/safereturn\\_parents](https://www.tbdhu.com/safereturn_parents).

TBDHU encourages anyone who is eligible, to be immunized with both doses of the COVID-19 vaccine. Please visit [TBDHU.com/VaccineFacts](https://www.tbdhu.com/VaccineFacts) for credible information on the vaccine and where to get vaccinated.

Sincerely,

Janet DeMille MD, FRCPC  
Medical Officer of Health  
Thunder Bay District Health Unit
